

A diagram illustrating corner radius measurements. It features a series of curved lines originating from the top-left corner of a square frame and extending towards the bottom-right. Each curve is labeled with its corresponding radius in inches, with red arrows pointing to the curve. The labels are: 2", 3", 4", 5", 6", 7", 8", 9", 10", and 12" Radius. The 12" label is the only one with the word "Radius" following the measurement.
